Dexian Successfully Delivers Staffing Solution that Helps Client Accelerate their Transformation Journey

@Dexian, LLC | 4995317265

CLIENT:

The client, established in Penang in 1974, is a provider of communication products, solutions, and services. Its offerings encompass systems, networks, devices, accessories, video solutions, software, and applications.

Challenge

The client is looking to establish new projects in Penang and it requires additional consultants with advanced degrees, such as Electrical and Mechanical Engineers, Software Developers, and Software Testers.

Solution

Dexian™ fuses the best elements of its legacy companies to create a global platform that connects talent, technology, and organizations to produce game-changing results that help everyone achieve their ambitions and goals. With decades of experience as a staffing partner and a deep understanding of modern business challenges, Dexian collaborates with its clients to find and deliver the right people and resources to accelerate their transformation journeys, especially in electrical and mechanical engineering, software development, and testing.

Outcome

- The client was able to start projects successfully within schedule due to Dexian support.
- Dexian has been on the client's top suppliers list continuously for three quarters.
