

# Dexian Successfully Migrates Netezza to Teradata

**PROBLEM:**

Client needed to consolidate 4 data warehouses to Teradata by a strict deadline, lacking resources and facing a Netezza object naming compliance hurdle.

**SOLUTION:**

Dexian's quick resource deployment provided a Program Manager to lead the Teradata migration. We built data conversion utilities and successfully migrated 9,000 objects within 8 hours, ensuring compliance.

**OUTCOME:**

Consolidated client's data warehouses to Teradata within a tight timeframe, delivering a robust, unified data platform.

**CASE STUDY:**  
Retail

**CLIENT INFORMATION:**  
An American chain of department stores
